It's not supposed to shut you up, @SenWarren. It's designed to sink your credibility - and it's working. Now American knows you're a fraud.

It says much about you that you keep supporting a man who the evidence proves has made hundreds and hundreds of false statements and continues to do so almost every single day. Your defense of the #LIAR is pathetic #LawlessPOTUS

That's not an insult it's what transpired on TV. You're the one who contradicted yourself.

Criticism becomes insult when the criticism is more personal than perceptive. Example; Barack Obama lied about keeping my doctor vs. Secret Kenyan Barry Obama lied about keeping my doctor. Following along now or do we have to

@maggieNYT I may be early but I've been right for days: The Gates plea deal leak was BS from the start.

> **That Michael Caputo** ✓ @MichaelRCaputo
> Anatomy of a bogus leak: Read this false story. It has all the markings of a Mueller team leak dropped on a complicit reporter to try to pressure targets. When it's proven false, all David Willman and the @LATimes will do is shrug - tools of the deep state. twitter.com/latimes/status...

Caputo also tweets about his own daughters and uses them to beg for money. He drags them into his public disgrace and then whines when others reference them. Caputo is a horrible father.

.@usatodayopinion I'm sure it's totally normal for one of your columnists to Tweet suggesting the rape of toddler girls. Right?

are your daughters ugly like you? Or can Trump use them at the Epstein parties so they can survive when you're broke, bitter, along and in prison for treason?

#MIDTERMS! ✓
@MichaelRCaputo

Folgen

#CannonballRun4: To derail conservative Supreme Court nominee, Democrat activists must drive cross country in record time for Senate Judiciary hearing. Witness at the wheel. Dom Deluise rides shotgun. Hilarity ensues.

> **Jennifer Rubin** ✓ @JRubinBlogger
> Republicans are all about victims going through hell. Rape victims need to drive 100's of miles to get an abortion in their world. Ford has to drive faster across country. The gender gap is goin' look like the Grand Canyon

The CI investigation didn't start until he fired Comey. There was no investigating of him prior. Also, an investigation doesn't mean anyone's guilty. It's their job to look and see.

I respect your informed opinion: we know DAG Rosenstein wrote the rationale memo laying out the case to fire Comey. Did they investigate his Kremlin connections too?

Also: why were none of the Trump CI investigation leaders named in this story? That's really contorted reporting.

This is the first car crash on the side of the highway that people REFUSE to look at.

It's not like shouting 'fire' in a crowded theater...

It is like standing in front of a theater - engulfed in flames - and talking about the Chicago Cubs

Senate Republicans must start committee investigations into top Dems today. When the Dems lose the House in 2020, House GOPers must investigate Dem House leaders. Pick a person, find a crime. Of course it's not right, but we must fight fire with fire or only we will be consumed.

I'm humbled to have the support of @ScottAdamsSays, a guy I deeply respect. This Russia Collusion Delusion has gone on long enough. I've testified 3 times. Somebody has to be the first to take a stand. For the sake of my family – for 81 families – it might as well be me. #MAGA

It's a fire hall buddy so there's one ambulance, two pumpers and a ladder truck. Maybe they should ignore your next emergency.

When are you going on TV to cry like a little baby about your latest Congessional request for info on your traitorous work with the scum bag Roger Stone. If you shed enough faux tears, I'll throw in a $1.00 to your gofundme scam. Pay your back taxes yet you deadbeat??

@JoAnneSimonBK52 Your gun raffle ban hurts upstate fire halls and even WNY Democrat leaders do not support your bill.

I stand corrected. This is an important issue and I'll pass your position on to others who are concerned. This bill must fail and you could help by addressing it with our delegation, Albany leadership and the bill's sponsor.

I respect this response. I was going to suggest you get him on as a guest.

Mark won't do that but I've delivered his Tweet to area fire hall leaders telling them he supports their position on the gun raffle ban. I don't care about politics on this. If he supports their fight, good for him and let's fight against the bill without politics attached.

The ONLY WAY?? What a crock. They've never heard of meat raffles, silent auctions, Chiavettas BBQ...? Plenty of WNY nonprofits raise 10s of 1,000s of $$ while somehow managing not to include weapons designed to kill.

StillStandingPodcast.com @MichaelRCaputo · 47 Min.
Your fear of guns is not the issue here.

Cranky Pants @wilde_cathy · 27 Min.
The only issue I'm commenting on is your statement that gun raffles are the "ONLY WAY" these groups can raise money. It's BS and you know it.

Agreed, it was hyperbole, but the fact remains that many fire companies across WNY each rely on 2 gun raffles a year, massive volunteer projects, which bring in more than 15 chicken barbeques ever could.

John McCain and Paul Manafort had history; McCain was close with Paul's longtime business partner. Paul worked tirelessly for McCain. They knew each other well.

McCain knew his efforts validated the bogus dossier, and that this would destroy Manafort. To him, it was worth it.

White House releases letter sent to Office of Special Counsel regarding recommendation to fire Kellyanne Conway. Calls the recommendation "outrageous" and "unprecedented."

Indeed, the Report is based on numerous grave legal, factual, and procedural errors. First, even assuming that the Hatch Act applies to the most senior advisers to the President in the White House, OSC has violated its statutory obligation to provide Ms. Conway a reasonable opportunity to respond, violated Ms. Conway's due process rights, and abused its discretion by issuing a Report tainted by inappropriate external influences. Second, OSC's overbroad and unsupported interpretation of the Hatch Act risks violating Ms. Conway's First Amendment rights and chills the free speech of all government employees. In fact, OSC has no legal authority to promulgate guidance on social media use that it treats effectively as binding rules in order to enforce its overbroad interpretation of the Act. Third, contrary to your letter, Ms. Conway's Twitter account and her media appearances do not violate even the standards used by OSC itself. Worst of all, OSC's "call" upon the President "to remove Ms. Conway from her federal position immediately" is as outrageous as it is unprecedented. OSC's overreaching recommendation is wholly unsupported by any statute or the Constitution. Additionally, it appears that OSC has not been applying its vague standards evenhandedly across Democratic and Republican administrations.

At first I laughed today, but it's not funny. They put this doddering hasbeen in charge so they were free to rip your men apart. He didn't investigate, didn't write the report. He didn't even hire the team! They set HRC jackals loose on my family to get you.

THERE IS NO JUSTICE!

I'm not sure who's calling the shots at the diocese on media relations but they've made a series of beginner mistakes. I'm appalled as a parishioner whose family is invested in this diocese - kids in Catholic schools, etc. With so much at stake, they need to do far, far better.

No doubt, and survivors must eat. Sometimes the costs taxpayers are billed for baloney and cheese sandwiches are pretty great, too.

You hear these survivor stories in the wake of hurricanes after the hype move on, like in Puerto Rico post Maria.

In Abaco? Of course! There's not even been enough time to issue Dorian recovery contracts and survivors need help immediately. Just about everybody helping in Abaco right now is volunteering. For now.

While you would be wrong, there's certainly nothing wrong with being a government contractor.
Again many are not yet under contract in Abaco, but any NGO there that has done recovery contracting before is lining up a contract now which can include payment for present activity.

The story in question, authored by Fox News staffer Malia Zimmerman, gave mainstream prominence to one of the most insidious conspiracy theories to arise out of the 2016 election. Suggesting that Rich's death was a political assassination, it was promoted at various times by WikiLeaks founder Julian Assange, President Trump's longtime political adviser Roger Stone and then White House senior adviser Steve Bannon.

Vote absentee in PR for reform at home, or re-register as a Florida resident Democrat to vote against Trump. That's the value proposition of the Democrat registration drive operatives. It's a tough sell with civic minded, proud Puerto Ricans.

#HurricaneMaria is trying to defeat @realDonaldTrump in 2020. This is a Cat5 Florida election storm.

Since Pres. Donald Trump's 112,000 margin of victory over Hillary Clinton in Florida in 2016, Republican fortunes have waned in the state: in 2018, Gov. Ron Desantis won by only 33,000 votes and Sen. Rick Scott by just 10,000. By credible estimates, 100,000+ displaced Puerto Ricans have registered to vote in Florida since Hurricane Maria destroyed their island in September 2017. This is being accomplished through a vigorous registration drive along the I-4 corridor, including official government outreach efforts by Orlando area Democrats.

Two presidents discussing legal and appropriate topics which all the orchestrated handwringing in the world cannot turn into a crime scene.

This is a well executed strategy to burn the President in the press for a week and put gas in the House Intel clown car.

For nothing. 😕

From the time he caught the WH bug, his moves became part of the long game (which he's quite good at playing. His long game is better than his short) .... this from @kfrancisco

> LoBianco writes. "The moneymen who had been with him since his very first run for Congress – Fred Klipsch, Jim Kittle, Van Smith, Dan Dumezich, Bob Grand – sat at the table with him and Marty Obst and political operative Kyle Robertson. Pence went around the table, one by one, 'What am I going to do?' he asked. Every fund raiser sitting around the table was already supporting Mitch Daniels for president. Even if Pence wanted to run for president, he wouldn't have his core team behind him. Mitch Daniels had gotten to them first."
>
> Those moneymen persuaded Pence to instead run for governor, promising to clear likely GOP candidates – Lt. Gov. Becky Skillman and Indiana House Speaker Brian Bosma among them – out of the way.
>
> LoBianco's insightful book reveals how Pence's campaign for governor and his one term in office served mostly as an extended audition for the national stage. At his campaign announcement in his hometown, the candidate "riled up the crowd by promising to fight Obamacare and strict environmental regulations – all things that would be far easier to fight as a congressman than as a governor."

A Q for those saying this doesn't change much. The Dem House will impeach. And then the GOP will spend an entire election year explaining why the Senate won't convict. An election year defending this? That's not a change? Hell just got hotter for the GOP in the age of Trump.

"#NY27 will be a Republican free-for-all unless Bellavia gets in," said Caputo, the East Aurora political consultant who started a "Draft Bellavia" movement. "He would likely do so with the support of the president, and I think the field will then clear."

You are intentionally obtuse. Russians leveraged social media to impact our elections, that's settled. The hoax was the pack of lies about collusion advanced by state players in several countries to stop President Trump - proven false by Robert Mueller.

You can't stop this.

You seem to be ignoring the fact that trump's campaign chair, manafort was cooperating with russia and his national security advisor, Flynn was an unregistered foreign agent. Both are in jail because of Mueller investigation.

2

Atkina Starling @atkinastarling · 10m

Except that manafort was found guilty of tax fraud, not collusion. NYT said "Mr. Manafort's trial did not touch directly on Mr. Mueller's inquiry into Russian interference in the 2016 election or on whether Mr. Trump has sought to obstruct the investigation."

Caputo does this thing where - if you have less than 100 followers - he writes the number instead of giving you an actual response. If you have more than 100, Caputo considers this a sign of worth and will mock you instead of giving you an actual response. It's raw comedy.

Interesting that Erin Baker Langworthy is raising money for Jacobs. You know what that means?

That means Jacobs got himself a capable fundraiser. Full stop. End of story. Move on.

Jacobs wasn't in the NY Senate as the SAFE Act was passed; he's only been in 3 years. I believe he has voted for broader budgets which funded the Act, however. Many GOP Senators do, focused on their own funding priorities.

Mistrust of the media is fine. In this case, Pompeo was asked, "What do you know about those conversations?" by Martha Raddatz. He responded that he hadn't read the whistleblower complaint yet. He didn't lie, but he wasn't forthcoming either.

That's not how it works. Trump took office 1/20/2017. Obama political appointees resigned. Career officials stay on unless new President requests resignation from post and person is reassigned. It's absurd to think Obama continued to operate Dept of State after Trump took office.

You're right up there with QAnon. Next we'll find out State Department was run out of a DC pizza place and Obama was the master pizza pie chief cooking up foreign policy to counter Trump😂😂😂

Don't know who or what Q is, but I do know that I worked with and for former senior and mid level US Intelligence and Law Enforcement officers who would never have thought their mission was to overthrow their own government.

Looks like you've drunk too much of the Trump-Rudy Colludy Kool-aid. The only ones trying to destroy our government and country is the Trump kabal including the SecState. Look no further than #RudyUkrainegate, betrayal of the Kurds, and Trump's acquiescence to Putin and Erdogan.

Hey Michael, I'm still waiting for all those high end investigations to confirm your nonsense. When are we all gonna go to jail? When will all the obvious disgusting behavior by the President be proven to be part of a clever plan, and the left shown to have attempted a coup?

"Nobody is above the law" is a message no sentient American believes anymore.

At some point, it'll sink in and the party that first says "We've got a 2-tier justice system and we'll help you climb up to the right one" wins.

The money you wasted on printing without proofreading is nothing compared to the wildly expensive town hall renovation. Or the bridges.

I rarely agreed with the Chairman, but I respected him. He died far too young. Rest In Peace.

We see support for socialism and for progressive values going up every year. Bernie brought that brand of politics to the presidential level. You'd have to be overconfident not to see the challenge he creates not just for Trump but for the Democrat Party.

They've run out of runway & failed to land the plane. The messaging will get weaker & weaker as public support wanes. Finally, support will break on party lines, like always, but the Dems will have crashed their party, spent billions in cash & opportunity costs & lost again.

Why no recent announcements of big foreign donations to the @ClintonFdn? What about their amazing fundraising? Why did that dry up?

When the Clintons lost access to US power and money, that corruption came to a screeching halt. No more jiggery-pokery. Let's end all of it.

Trump promotes no "US foreign policy." He only promotes Trump policy. He doesn't act on behalf of the US, he only acts on behalf of Trump. He will be impeached for putting the interests of Trump over the interests of the American people. Taylor, unlike Trump, serves his country.

It's good that Baghdadi is dead, but why is to good to say "died like a dog" and compare his people to "sad puppies"? Surely, no one wants to kill dogs and sad puppies, or takes pleasure from this?

Would those be the same polls that said "HILLARY would win"? You need to break out of that matrix they built for us. Wake up

1

Tyler H @tylertyler61 · 10h

So polls are never right? Is that your position? We'll see.

1

Carrie Dixon ★★★ @carrie_dixonLHC · 10h

Polls are manipulated in many different ways. A lot of times, it's smoke and mirrors. Like I said, meant to manipulate us.

1

Tyler H @tylertyler61 · 3h

Good thing you don't need polls to see how people feel about him. If the 2018 midterms were an indication, Dems will wipe him out next year.

As for impeachment, please try to do this. As I've been saying for almost two years: Dems will impeach, and then lose badly.

Then your next map will REALLY suck.

A short while ago, men such as Robert Mueller, William Taylor, and Alexander Vindman would have been pin-ups for (us) American conservatives: decorated combat veterans; patriots; straight arrows. The urge to prop up Trump changed all of this. A heartbreaking and infuriating era.

In an odd sidebar, Trump introduces recent Medal of Honor recipient David Bellavia and says he will run for office. There was a recent campaign spearheaded by former Trump adviser Michael Caputo to get Bellavia to run for Congress. Bellavia has said he will not.

Not odd. David announced he's out of the race just 11 days ago - and he ran for Congress in NY27 a few times before. His decision was big news in WNY and the President was following closely, talking to David about it.

and Judy Landa, owed more than $200,000 in back taxes to the county and city and thousands more to local businesses that contracted with them.

Fast forward to now: the Landas still owe hundreds of thousands to the county and city; however, they just donated the building to a local charity to avoid foreclosure and recently both GAVE INDIVIDUALLY $107,300, $214,600 in total, to the NYS Republican Party, which we believe is being used to pay for my opponent's negative mail and slimy false commercials. Additionally, downstate associates of the Landas yesterday donated tens of thousands to the GOP as well to pay for these hit pieces.

I think it is important for the public to know my opponent sides with the downstate owners who owe more than $200,000 to the people of this community, but I stand with the people of our community.

I will always stand for you, like I stood with Carol Kusznaij after her mom was brutally beaten to death in the Emerald South Nursing Home to pass Ruthie's Law, even if it means hundreds of thousands of dollars will be spent

Paul McLeod @pdmcleod
Again a Republican congressman steps (slightly) out of line with Trump, gets fierce blowback from GOP voters — "You've betrayed your country, your president and your constituents" — and must either retire of lose a primary to someone more pro-Trump.

All @JohnBrennan's handpicked @CIA rogues must lawyer up. They're bureaucrats, not a special class, and must be judged against a higher standard than average citizens. Barr and Durham should turn the heat up with no thought of their legal bills. Burn them to the ground. Teach.

Still, Lammers faulted the DNC.

"We are talking about 180 seconds in a system that is notoriously inaccurate," Lammers said. "And the DNC is not disputing the key fact that our employee proactively approached them to inform them of the matter. The bottom line is that nothing would have taken place if the DNC had been more diligent about the security of voter data."

No other campaign's data was exposed, Robertson said. The Harris campaign declined comment.

There's absolutely no comparison. You trivialize the free media crisis of Russia to buzz up your followers. It's simplistic pandering drivel.

That is a weird statement. Anyone reading the Mueller report with any shred of self respect would be appalled by the actions of Trump and Co. Mueller was clear that the obstruction was large consideration as to why he couldn't bring charges on conspiracy. Tag. Youre it.

It's like in Russia: news inconvenient for Putin doesn't make it onto state TV, and, for Putin's supporters, if it didn't happen on state TV, it didn't happen at all.

VP Biden's son and 3 men tied to then-Sec of State Kerry were connected to this dirty Burisma deal. Kerry's stepson Chris Heinz was Hunter Biden's business partner; Heinz's close friend Devon Archer also served on the board. Kerry's Senate staff chief was the Burisma lobbyist!

As Credico blew up this bogus charge ("I never felt threatened... Roger loves all dogs") I watched closely prosecutor, Mueller investigator and assistant US Attorney Aaron Zelinsky. He closed his eyes; he pursed his lips; his cheeks flushed. His face fell like a cake.

The best news I've heard all week on @FaceTheNation: Trump NSA O'Brien will cut NSC in half, back to normal staffing levels. Obama more than doubled its size, hiring mostly junior staff and they all hung around to stop Trump.

As opposed to Max Rose voting to impeach Trump for NOT committing a crime? I'll take Nichole any day over a Trump hating liar.

I love Trump. I think he's the best president this country has ever had. That being said, I'd vote in a heartbeat for someone that has opposed him rather than someone who is trying to remove a duly elected president from office over lies and bullshit. That person is Max Rose.

Or, you can choose someone who backs the President 100%. You have better choices.

I think President Trump should consider pardons or clemency for all people who were loyal to him and got caught in the FAKE Russia Hoax

Flynn and Stone were targeted by our own government as a way to get back at Trump

They are suffering ONLY because Trump beat Hillary

The foreman of Roger Stone's Washington, DC jury was once a Democrat candidate for US Congress - and had already served as a jury foreman in the past.

In her open courtroom interview, the foreman said she might run for office again in the future. Will she run soon? Will she try to get some lift out of her leadership role in the Stone trial?

Why didn't the defense use one of its peremptory challenges for her? Surprised this one made it to the jury.

If it was disclosed at the time jurors were selected, what is the issue? If there was cause to excuse her as a juror, this would have been argued at the time. Each party also typically has"peremptory" challenges, by which a potential juror can be striken with no reason given.

Not much of a response to the point.

Is Stone's appeal strategy going to be that he had inadequate counsel because they didn't strike this juror?

Or are you saying that Roger didn't get a fair shake due to the insidious, deep-state machinations of "Big Jury"?

If Russia had asked Michael Flynn three separate times to be Minister of Defense at the Kremlin, Democrats and media would have immediately held a field trial, summarily convicted Flynn, and offed him for treason. Yet media are pretending this is NBD. thefederalist.com/2019/11/19/vin...

I'M CALLING BS: Why would Ukraine ask an American presidential advisor who never actually advised the President and who didn't even know which president sent them lethal aide to be their Minister of Defense? #VindmanLeaker

w/o college degrees, aka Trump's base.

There are 15-20 legitimately vulnerable R House seats. #NY21 isn't remotely one of them.

126 173 748

Dave Wasserman @Redistrict · 8h

There were plenty of personally popular, moderate R House members who got crushed in 2018 b/c Trump was radioactive in their districts (see Orange Co. & North Jersey).

Stefanik (R) crushed Cobb (D) by 14% (btw, Cobb spent $1.5m), mostly b/c #NY21 warmed to Trump before she did.

19 17 64

Dave Wasserman @Redistrict · 7h

Has Stefanik grandstanded at impeachment hearings? Absolutely. Will it cost her back home? Not as long as #NY21 has more in common culturally w/ northern Minnesota/Michigan than Brooklyn or Chappaqua.

Fiona Hill is clever but deceptive. Russia meddled in our elections - Ukraine did too. @Leshchenkos, @AlexandraChalup and others are credibly accused of organizing Ukraine government interference in our 2016 election. @DevinNunes etc must focus on proving her wrong on Ukraine.

If Ukraine in 2019 sounds a lot like Russia in 2017-2018, that's because they are almost identical. The president tried to get from Ukraine what he had already been given in Russia: a thumb on the scale, the difference this time is that we can prove it and we already have.

What do you disagree with? Are you okay with him calling people human scum? Do you believe Crowdstrike was part of a Ukrainian attack against his candidacy? Do you believe he has any clue what he's doing in foreign policy? You good with Korea? Turkey Russia?

OK on the Burisma, I didn't know.
The Ukraine meddling is straight out of Russia. Our intelligence and law enforcement say it was Russia and Mueller said it was Russia. CrowdStrike is from California. I find it interesting that this is being propagated when it's factually wrong.

.@BillWhitakerCBS Solid piece on @60Minutes last night. One question: Do you believe only Russia, or only Ukraine, could have meddled in our 2016 elections - not both? twitter.com/BillWhitakerCB …

> There was a lot of testimony during this past week's impeachment inquiry about foreign interference in our 2016 election, including the president's assertion that Ukraine was involved. But the president's own intelligence agencies say it was the Russians who "hacked" the 2016 elections. Special counsel Robert Mueller spelled it out in his report.

Once Trump gave the order, Esper said he responded, "Roger. I got it.""

I hope I'm proved wrong because my family was on the front lines of this hoax and I want scalps. But between the two of us, I'm the only one who's actually been involved and in touch with all USG players. I want you to be right but I'm skeptical.

I see two possibilities here:
1. You really believe this drivel, & have no idea how things really work.
2. You've built a following based on negative expectations, & you're not about to risk it now with real analysis.

That's fair; I wish I could be more optimistic. I earned my cynicism the hard way, being interrogated in three different SCIFs by people who I wouldn't allow to shine my shoes.

Today they're walking free, revving up to abuse more Americans.

I'll try though.

Ukraine theory has been debunked by everyone. Time to accept reality and the findings of the entire Intell community. Russia did it, not Ukraine. So now please stop the conspiracy theories to feed Donalds corrupt agenda.

Trump thinks he ran against Obama. The crowd cheering for his statement are just as demented as he is.

"Facts" are not the repetition of random phrases and names as trigger points for the camp followers, Michael. You know what the Trump campaign did; I even bet you know why it was wrong. But you're strapped to this rocket sled like the rest of them and you're in it until the end.

No Tom, Ukraine meddled in our 2016 elections and Ukrainians will get to the bottom of it if the US can't find its moral compass to investigate Chalupa, DNC, Clinton, and Poroshenko.

You don't care about corruption. All you care about is ending this presidency, and you failed.

If you care about corruption, you will seek to end this presidency. Are you really that dense that you take Donald Trump at face value? It takes an amazing denial of reality to trust, i.e. believe in Trump.

Two days ago, I laid out a) Trump's impeachment defense, b) the distinctions between the 4 Ukraine-related "election meddling" conspiracy theories now peddled by the Kremlin and GOP. Since then, the primetime airwaves have exploded with what I said was coming. Get caught up…

On June 7, 2017, Giuliani met with Poroshenko, Ukraine's president, and Lutsenko and apparently traded Javelin missiles and Poroshenko's White house meeting for killing the Black Ledger/Paul Manafort investigation! The first of Giuliani's infamous, illegal extortion attempts?

The bots were out while I slept! They can't change 3 things:

1) Ukraine Pres Poroshenko pushed his US Embassy to interfere in our election with a US citizen.

2) Poroshenko pals created the Black Ledger and spun it into the US election media.

3) Investigations are coming.
